

Performanssipankki (→) Performance Art Bank

Performance Art Bank is looking for a piece for this year's performance days!

Theatre Info Finland TINFO and Performance Art Bank declare an open call for artists working in Finland! Performance and live artists can apply by adding art works to Performance Art Bank (performanssi.com) by the 28th of June. The chosen artwork will be a part of the programme at Performance Days 2019 (Performanssipäivät), a yearly forum for performance and live art professionals that will be organized this year together with TINFO in Turku on the 7th of October.

Performance Days is a forum for performance and live art professionals. It's a one-day event with speakers, discussions and art work. We are now looking for a suitable work for this year's event through the Performance Art Bank. The audience will consist mostly of other professionals, but we will try to find a suitable site and spectators specifically for the chosen piece, according to the wishes of the artist.

YOU CAN TAKE PART IN THE OPEN CALL by

- a) being a part of or enrolling into the (free of cost) Performance Art Bank database (www.performanssi.com)

AND

- b) adding either your existing art works or propositions for future ones into the bank

AND

- c) sending the Performance Art Bank links of your propositions to performanssi@muu.fi by 4 p.m. the 28th of June. Mark "open call 2019" as the subject of the message and please write also the possible material and travel cost estimates in the message.

The art work will be chosen by a specialist jury: Visual artist and member of the performance art group Piirakkakerho Liisa Hilasvuori invited by Artists' Association MUU together with sound artist and performance maker Juha Valkeapää invited by TINFO. Other members of the jury are the regional artist for performance and live art Marika Rätty and the director of TINFO Hanna Helavuori.

The chosen artist will present one artwork live at the Performance Days (Performanssipäivät) on the 7th of October 2019. All the artists taking part in the open call will be informed about the decision by the 14th of July. The chosen artist will be paid a fee of 700 euros (plus additional costs such as travel or material expenses).

PERFORMANCE DAYS 2019 AWARENESS TOWARDS POWER: Theatre Info Finland, TINFO and Arts Promotion Centre Finland are organizing the second annual Performance Days on the 7th of October 2019. We hope to reach the field of performance and live art across Finland – artists, groups and organizations.

Performance Days is a circulating professional forum aiming to serve the field the best we can. We hope to create a warm atmosphere for important conversations about the future, past and present of the field. Our most sincere wish is that Performance Days would be a place to connect with colleagues and feel at home. This year we meet in Turku under the topic of Awareness towards power. Please come and join us discussing how data can serve you in making an impact to the circumstances of the field.

PERFORMANCE ART BANK is a database and service that brings Finnish performance and live art works into one place online. In performance Art Bank you can easily browse, book or keep track of art works and artists. Using the performance Art Bank is free and it's brought to you by Artists' Association MUU together with Arts Promotion Centre Finland.

THEATRE INFO FINLAND, TINFO <https://www.tinfo.fi/> is a building block of the performing arts ecosystem. As an expert in the performing arts, TINFO produces theatre statistics, conducts reports, and processes and analyses data. Our mentoring helps theatre professionals increase their international mobility and find partners. TINFO's activities increase awareness of Finnish plays and performing arts.
